MAKING SELECTIONS BY BUDGET

All SHIIR rugs display thoughtfully designed nuance. This is true regardless of where they fall in our price range. None of our vast assortment of rugs is “better” than others, as the best rug for one room – a primary bedroom, say – might not be the best rug for another, like a kids’ playroom. Our prices, therefore, are more about fiber. Is it silk, or is it wool?

And about texture: is it hand-tufted, or is it a Persian knot? These are the types of factors that influence price. We’ve grouped the rugs you’re about to see by price to help you make selections according to budget. But there’s so much more to the story.

Please visit shiirrugs.com, or contact your SHIIR sales representative to learn more.
